Dear Potential Participant,

*I am a student in the **MDes Design Futures at the Royal College of Art**. As part of my studies, I am conducting a project entitled **Why Eating Well Feels Like Nothing: Redesigning the Feedback Loop for Dietary Behaviour**. My project has secured ethical approval from the College. You are invited to take part in this project which explores **alternative dietary feedback designs** that make nutrition tracking more legible, low-friction, and non-punitive, without increasing anxiety or reinforcing disordered eating.*

If you consent to participate, this will involve:

- 1. Participating in a 45-60 minute semi-structured interview about your lived experience with dietary tracking tools and your emotional relationship with food.*
- 2. Participating in a follow-up participatory critique session to evaluate 3-5 speculative dietary feedback artefacts and scenarios.*

Participation is entirely voluntary. You can withdraw at any time up to the point of submission and there will be no disadvantage if you decide not to participate. All information collected will be confidential. All information gathered will be stored securely and once the information has been analysed all individual information will be destroyed.

If you have any concerns or would like to know the outcome of this project, please contact my supervisor **Shannon Larkin** at the above address.

Thank you for your interest.
